Taxmann's learning platform is an excellent initiative for hosting webinars and workshops on impactful topics for all stakeholders.

I especially appreciate their proactive approach to introducing sessions on pressing issues.

As a speaker, I found the platform user-friendly and experienced no technical difficulties during my live sessions.

CA. Niki Shah

Partner | SN & Co.

Thank you for inviting me to be a speaker on your platform. Sharing insights with your engaged and enthusiastic audience was an absolute pleasure.

Your platform's commitment to delivering high-quality learning experiences is commendable. The seamless coordination and interactive audience made the session both impactful and rewarding.

As a speaker, I felt valued and supported throughout the process, and it's evident that your team prioritises learner engagement and enrichment. This platform is an excellent avenue for professionals to gain practical knowledge and enhance their expertise.

I would be happy to collaborate in the future and strongly recommend your platform to anyone seeking structured and impactful learning experiences.

Shri. D.C. Patwari, IRS

Former Pr. CCIT & DGIT (Inv.)

After I retired from Pr. CCIT, in late 2022, I decided to share my knowledge and experience on investigation, litigation, etc., through a reliable platform. I chose Taxmann, as it is the best and the most equipped platform for tax professionals and taxpayers alike.

In my first Taxmann webinar on search and seizure, I reached more than 2,000 attendees, which was remarkable. I led several more webinars, including a masterclass, which were well-received and grand successes. As a speaker, I got ample support from Team Taxmann, enabling me to focus entirely on content.

I am confident that webinars conducted by Taxmann create tremendous value for thousands of subscribers. If I have to sum it up in one sentence, Taxmann is a one-stop solution for everything related to legal, taxation, and litigation.

I had the privilege of speaking on Taxmann, India's preeminent tax platform, and it was an enriching experience.

The platform's unwavering commitment to providing high-quality content and expert insights is commendable. The seamless organisation and coordination of events by the Taxmann team allowed me to focus on delivering my best.

The audience was engaged and knowledgeable, making the interaction highly rewarding. The platform's esteemed reputation and broad reach made it an ideal stage to showcase my expertise and connect with like-minded professionals.

My experience was exceptional, and I look forward to future collaborations. I highly recommend this platform to anyone looking to share their expertise and connect with India's tax community.

I had the privilege of speaking on the Taxmann platform, which was an incredibly rewarding experience. The platform is an excellent resource for professionals and students, offering many tools, insights, and up-to-date information on tax and legal issues.

Taxmann's commitment to providing high-quality content empowers learners to enhance their expertise and apply their knowledge effectively in real-world scenarios.

It's been a pleasure to contribute, and I am confident that Taxmann will continue to impact tax professionals significantly.

Learning is sporadic because, outside the formal education system, it is unstructured and closely linked to occupational needs. When topical learning becomes a vital part of continuous education, regular knowledge-sharing by practitioners can bring immense value.

Taxmann, committed to regulatory publications, has taken it upon itself to facilitate learning through its online platform.

Having had the opportunity to contribute as a resource person, my best wishes to Team Taxmann to continue this impactful work.

CA. Rohit Vaswani

Education and learning are endless journeys, especially in tax matters, where fast-paced changes have significant revenue implications if not addressed in time.

The demand for continuing education on contemporary issues far exceeds what formal academics can offer. Taxmann's initiative to align subject experts on a digital platform with global reach is commendable and unmatched.

The certificate I earned through the Taxmann workshop added significant value to my resume.

Having access to both live and recorded sessions made a huge difference. I could attend live sessions when possible, but knowing I could revisit the content later relieved the pressure. This is true learning on my terms.

Bharath Kumar Parasmal Jain

Participating in Taxmann's Masterclass was a truly enriching experience. The session was expertly designed, offering deep insights and practical knowledge that I can immediately apply in my field.

The speakers were highly knowledgeable, engaging, and approachable, making complex topics easy to understand. I feel more confident in my skills and am inspired to continue learning. I highly recommend Taxmann's learning initiatives to anyone looking to enhance their professional growth.

Thank you for such an impactful session!

Frequently Asked Questions

About Taxmann.com | Learning

What is Taxmann's Learning?

Taxmann's Learning is an endeavour to connect the experts with the learners seeking to upskill their knowledge in tax and corporate laws. This initiative uses three formats for knowledge-sharing:

Webinars, Workshops & Masterclasses.

Whom will I learn from?

The experts from diversified fields share their knowledge and insights on complex & new concepts, new developments, amendments, case laws, etc. These experts have at least 10 years of core experience in the respective field relevant to the session.

What will I learn?

A detailed agenda for an event is curated jointly by Taxmann's Editorial team and the speaker. The team ensures that the session's agenda should be such that it provides 360-degree coverage of the concept.

In a workshop & masterclass, the experts share the background material, specimen, formats, excel templates, etc., to enable the user to implement the learning practically.

What topic is selected for the session?

We do the sessions on the concepts of Income-tax, GST, FEMA, Accounting Standards, IBC, SEBI, and so on. Our editorial team finds new and complex topics based on three factors:

- Ongoing Litigations
- Upcoming Compliances
- New Developments.

Our team discusses the suggestive topics with the experts to incubate the agendas and deliverables. Once we reach a consensus on a topic, it is selected for the session.

Can I suggest a topic for the session?

The users can also suggest a topic for the session. Furthermore, we can also conduct an exclusive private training session for your team members on the topic you choose.

How can I join the session?

All our events are live, interactive online sessions. Non-subscribers can watch the sessions live on our platform or Zoom; however, recordings will not be available to them. Subscribers can join the sessions live and also access the recordings later. Workshops and masterclasses are exclusively hosted on Zoom.

Will the videos work on all devices?

Our videos are best experienced on the latest browsers and updated devices. On a few older Android versions and some Apple devices, you may face playback issues. To enjoy uninterrupted playback, we recommend using Chrome or Firefox on a Mac, or a Windows device or an updated Android system.

What is the average duration of a session?

- The average duration of a webinar is 45 minutes to 60 minutes.
- The average duration of a workshop is 3 to 5 hours.
- The average duration of a masterclass is 15 to 18 hours.

Do I get a certificate for joining the session?

Yes, we provide a certificate to the users who join a workshop and masterclass session.

How do I know what workshops are included in my subscription?

Your subscription includes access to any 5 live or recorded events (within 3 months from the event date) at no additional cost. Once this limit is reached, you can purchase further live or recorded events at a 50% discount. Recorded events older than 3 months are available for unlimited access at no extra charge.

What access do I have to masterclasses in my subscription?

Masterclasses are not included in standard credits but can be purchased at a 50% discount.

Do I have free access to workshops and masterclasses in my free trial?

Yes, the free trial includes access to up to 2 recorded sessions of workshops or masterclasses at no extra cost. Additional sessions can be purchased at full price.

I see a mention of a 3-month waiting period for recorded events. Does this apply to all events?

No, this does not apply to all events. Webinar recordings are available immediately without any waiting period. For workshops, your subscription includes access to any 5 live or recorded events (within 3 months from the event date) at no extra cost. After this limit, additional events can be purchased at a 50% discount. For masterclasses, live or recorded events (within 3 months from the event date) are available at a 50% discount. All workshop and masterclass recordings older than 3 months are available for unlimited access at no extra cost. Any exceptions for premium events will be clearly mentioned on the event page.

Does "1 device at a time" mean I can only ever watch on one device?

Not exactly. You can log in on multiple devices (e.g., phone, tablet, laptop), but you can only use one device at a time to watch live or recorded content. If you switch devices, just make sure to log out on the previous device or end that stream. This policy prevents unauthorised sharing and helps us maintain fair access for all.

I can't play the video on my device. What should I do?

If the video isn't playing, it might be because your device or browser isn't fully supported. Try switching to Chrome or Firefox on a Mac, or using a Windows or updated Android device.

Do you offer discounts for multiple users in a single organisation?

Yes, we offer discounts for multi-user access or enterprise-level subscriptions. For more details, please contact us.

Can I cancel my subscription, and will I get a refund?

Yes. You can request cancellation via customer support. Refunds are at the company's discretion and may be provided if the cancellation is requested within the first 7 days, depending on the content consumed after subscription activation. After 7 days, refunds are generally not provided, but you'll retain access until the end of the current billing cycle.
